Dear Yi-Chin Tseng:

Congratulations! The National Geographic Society's Committee for Research and Exploration has awarded you a grant in the amount of \$5,300.00 in support of your proposed project, "Avifauna in Arctic Tundra: Acoustic Monitoring of Migratory Birds in Northeastern Siberia".

Your award letter, grant agreement, and other important grant paperwork are attached.

All new grant recipients are required to take our online orientation course, which includes important information and resources that will help you make the most of your National Geographic grant. Please access this course via [this link](#) using your grants portal login credentials.

Once you have completed the orientation course, submit your paperwork via [the grants portal](#). You can upload the documents by clicking the "Requirements" tab on the portal home page. We cannot process your grant award until the submission is complete.

Your Program Officer and first point of contact at National Geographic is Jill Spear (jspear@ngs.org). In addition, the team at National Geographic will share opportunities and information with you through a monthly newsletter, including information about upcoming events, additional funding, and professional development programs.

Our Measurement, Evaluation, and Research (MER) team provides free services to grant recipients to help them measure their impact. If you'd like to connect with someone from the MER team for a one-on-one consultation, please fill out this brief survey and you will be contacted within two business days: <http://bit.ly/2LzW7hy> or email Karen Azeez at kazeez@ngs.org.

Dear Sergei,

This is Sunny. How are you these days? I have heard from Ruslan that the Taiwan team was doing very well in the tundra this summer. I am so glad that we can keep such a good cooperation.

Here I want to share with you one exciting news! I got the grant from National Geographic that we applied together this summer!! I am soooooo excited! I will look into details about the funding and let you know my plan. I am not sure I will go in 2019 summer or 2020 summer due to my master study. I will keep you posted! :)

Thank you for the help in the application process!! I am super excited to be able to go back! Have a great day.

Regards,
Sunny

Sunny,
That is exceptional. Great News!!
Congratulations... Now you just have to decide when to go...
Talk to Bianca about your timeline.

Kathy

Hi Kathy,

The grant proposal we wrote together was accepted by National Geographic! :) I just received the letter this morning. I will look into detail about this grant and let you know if I have any questions. I am so excited. It seems I can once again visit the Arctic tundra that I always want to be back...

Thank you for your great help in writing up the proposal. I wouldn't be able to achieve this without your great support.

Hope your flight tomorrow will go well. Safe travels! Will keep you posted. :)
Regards,
Sunny

Dear Sunny,

Congratulations! You're good! I knew you'd got the grant because no one did that kind of work. You're the first one will do it on the tundra! Do I need to sign the agreement and send it to you? Unfortunately I was not able to open PDF files writes that the file is damaged. Maybe you send again? I'm with Yuri are planning to go to Chokurdakh early in may before the arrival of birds. My second daughter now studying in Canada, in Toronto. Thank you for the excellent news!

Best regards,

Sergei
