| Biographical Information | Hi! This is Sunny! I was born and raised in a beautiful town in Taiwan. As an undergraduate student in National Taiwan University, I studied in Physics and Forestry Conservation. During my time at British Columbia in Canada, I continue pursuing my interest in mathematical methods for conservation ecology. I am interested in applying machine learning techniques to analyze bird sound data. When I am not sitting in the office, you can find me recording bird sounds, hiking, swimming, or traveling. |
